

Electronic Order of Protection System

The Milton Township Office Town Clerk is now a public access point for DuPage County's new electronic Order of Protection (OOP) system. This system allows citizens seeking an Order of Protection to get basic information about the OOP and begin their petition online, saving time when they visit the courthouse to complete the process. To use the electronic Order of Protection system, visit the township office or go to www.GetAProtectionOrder.org from any safe computer.
